

CHESTER RACE
COMPANY LTD.

HEALTH & SAFETY POLICY STATEMENT

Chester Race Company Ltd is committed to safeguarding the wellbeing, health and safety of our people and others affected by our operations to prevent injury and ill health. Chester Race Company Ltd will do this by using the following framework.

Chester Race Company are committed to continually improving our health and safety policies and arrangements through raising awareness, training and by consulting with our people.

Our people will benefit from a healthier and safer working environment. But you need to take reasonable care of protecting your own and others health and safety whilst you are at work.

COMPLIANCE

CRC will comply with all relevant health and safety legislation including the Health and Safety at Work etc. Act 1974, the Green Guide, and where possible industry best practice.

CONTINUAL IMPROVEMENT

CRC is, above all else, aiming to continually improve its health and safety culture using the Plan, Do, Check, Act cycle. Ensuring our people are safe and well.

TRAINING AND SUPERVISION

CRC will provide training, information and supervision to our people. This includes training in emergency procedures. CRC will ensure all our people are competent in the tasks they undertake.

TRANSPARENCY

CRC will ensure our policies, procedures and processes are clear and transparent whilst encouraging our people to engage in the improvement of our health and safety practises.

LEADERSHIP

CRC senior managers and the board of directors are committed to safeguarding the wellbeing, health, and safety of all our people and others affected by our operations.

OCCUPATIONAL HEALTH & WELLBEING

CRC will safeguard the health and wellbeing of our people as far as is reasonably practicable and will, when required, source competent advice & support for line managers.

CONSULTATION

CRC will consult on matters relating to wellbeing, health and safety with our people through our health and safety working group.

CONTRACTORS

CRC will select appropriate contractors with the right experience to deliver our contracts safely. CRC commits to actively ensuring contractors deliver safe and effective projects.

INVESTIGATE

CRC will ensure all accidents and close calls that are reported are investigated appropriately. Ensuring lessons are learnt in order to prevent recurrence. CRC's overall aim is to prevent accidents and ill health.

RISK MANAGEMENT

CRC will ensure that risks to people's wellbeing, health and safety is managed as far as is reasonably practicable and these risks are communicated and controlled.
